

Your trusted partner for safety services

Global experience with proven expertise

Omron Safety Services

Whether you need help with a single machine or an entire enterprise, we can work within your budget and your schedule.

Our unique combination of safety and control expertise allow us to offer comprehensive safety solutions without sacrificing productivity.

Let our global safety experts work with you to ensure your people are safe and your plants are compliant.

What we can do for you

1. Train your team on machine safety.
2. Assess your machines for compliance.
3. Design and install a solution to make them safe.
